KH II 200 Pro

BIZERBA

Modern PC technology allowing you to be totally flexible is what the K-Class II Pro series stands for. Enjoy more performance due to a large RAM. All models are provided with a powerful Intel® Quad Core processor. Ideally suitable to implement new features or individual requirements. With their attractive design these solutions also ideally integrate in your shop concept from an optical point of view.

More information
High performance with a wide range of solutions and options.

Product description

Counter top scale KH II 200 Pro provides you with functions for a modern fresh food counter: Weighing, labeling, advising customers and transactions are possible with this scale. Communicate information, advertising contents and cross selling campaigns via a brilliant customer display on a column.

A powerful and open PC platform ensures high performance: The large RAM has sufficient memory to let you implement new features or individual requirements. Even the use of 3rd-party software is easily possible. The compact design of the counter top scale allows you flexibility in terms of location: Simply use the KH II 200 Pro for assisted sales, in self-service or for price labeling. Combined with an external load receptor it easily weighs products of up to 150 kg. With a cash register drawer it becomes an efficient checkout solution. Benefit from the scale's ergonomic design, e.g. from an easy paper roll change with the Easy Load printer. Replace wear and tear parts almost without tools.

KH II 200 Pro with 12.1" operator display

Highlights

- High-end PC scale with a powerful Intel® Quad Core processor:
 - More performance for optimized graphics while consuming minimum energy
